

# AMBE SCHOOL-CBSE- HARNI

Proposed **CBSE** Unit

Grooming Global Citizens

Managed by B.G. Education

## INTRODUCTION

Ambe School, Harni, is an upcoming proposed CBSE-affiliated school dedicated to providing quality education for the masses. As part of the esteemed **Ambe Group of Schools**, we carry forward a rich legacy of excellence in education that dates back to 1991. Our vision is simple yet powerful-to shape the concept of schooling and its profound impact on a student's life. At Ambe School, Harni, we believe in grooming dynamic and caring citizens of tomorrow imparting not just knowledge but also moral and traditional values.

### Founder & Pioneer of Ambe Group Of Schools,

**Late Shri Suryakant R. Shah**, born on 3rd August 1951, was a man of great compassion & was always committed to humanity. His motto being "Quality Education for Masses" made him reach the common man. Great is his legacy which he left behind, that we pledge to nurture this unique chain of Educational Institutions and to carry forward its programme into the vistas of the future, in that same spirit in which it was founded. **"There is no power on Earth that can neutralise the influence of a high, pure, simple and honest personality"**.

**Late Shri Suryakant R. Shah**  
Founder & Pioneer - Ambe Group Of Schools  
3<sup>rd</sup> August 1951 - till eternity

An enthusiast & versatile person always at the cutting edge educational trend, possessing an astute clarity of expression & synchronised communicating skills. With a firm set of beliefs, ideas, values, his unparalleled commitment and meritorious work, he coordinates and implements the group school policies shaping a vision of academic success such that the educational institute transcends to the highest level.

**Amit Shah**  
Chairman Ambe Group of Schools

## AMBE GROUP OF SCHOOLS

Quality Education for Masses

Managed by B.G. Education & Aum Education Trust

- Ambe Vidyalaya & Jai Ambe Vidyalaya (Eng. & Guj. Medium) (Estd.1991) at Harni-Sama Link Road (Earlier at VIP Road, Karelibaug).
- Shree Ambe Vidyalaya ( Estd.2003) at Waghodia Road.
- Ambe School-GSEB (Estd.2005) at Manjalpur.
- Ambe School-CBSE (Estd. in 2008) at Manjalpur.
- Ambe School-CBSE, Harni (Proposed CBSE) Commencing from April'24.

### BELIEF

Ambe Parivar, firmly believes in these very words of Swami Vivekananda, "Knowledge exists in every human being and education is the process through which realisation of that knowledge takes place."

### VISION

To groom and nurture dynamic and caring citizens of tomorrow to meet the challenges of a global society while retaining their moral and traditional values.

### MISSION

To impart holistic education in our temple of knowledge by extending freedom to all students equally thereby grooming the students to accept global challenges and grow up into responsible future citizens.

## AMBE SCHOOL-CBSE, HARNI

Proposed - CBSE Unit

### ABOUT US

Ambe School, Harni, is housed in a sprawling campus with modern and well-designed construction. Our school boasts state-of-the-art infrastructure, which will be more or less a replica of other schools of Ambe Group, including spacious and well-equipped classrooms designed to provide a comfortable and conducive learning environment. Each classroom is equipped with advanced 65 inch / 75 inch wall-mounted Touch Screen Interactive Digital Board/Panel, along with traditional chalk-board method, transforming the learning experience into an interactive and engaging journey. Our other eye catching feature is an air-conditioned Auditorium & an Open Air Amphitheatre, which will serve as a hub for various academic and cultural events, providing students with a platform to showcase their talents and creativity. The school library, a treasure trove of knowledge, is thoughtfully curated with an extensive collection of books, encyclopedia, science journals, biographies, classics, and more, fostering a love for reading and exploration. Science and Information & Technology Labs will foster independent learning amongst students.

At Ambe Group Of Schools, we are very proud of our caring, inclusive ethos where we set high standards and expectations for our students to achieve and behave their very best. Keeping the same set of values intact & continuing with the culture, tradition & moral ethics of Ambe Group which are followed since 32 years, we at Ambe School CBSE Harni, will strive to offer the right kind of educational system. From the moment a new Ambeite joins our school community, we want them to feel a sense of belonging & happiness, as this is essential for their future success.

Library - Ambe School Manjalpur

As **gateways to knowledge and culture**, libraries play a fundamental role in brain development and early literacy and math skills. The purpose here is to help shape the new ideas & perspectives that are central to creativity and innovation and to develop good reading habits.

Sports are not just about competition. It is about having fun, being physically active, building coordination and team work amongst students. Students get an opportunity to display their self-confidence, patience and sportsmanship.

Comfortable and Conducive Learning
- **Smart Class**  
65 Inch /75 Inch Interactive Digital Panel
- **Air Conditioned Auditorium & Open Air Amphitheatre**  
Platform to Showcase Talent
- **Air Conditioned Computer Lab**  
Laptops with Internet Facility
- **Library**  
Treasure House of Books
- **Science Lab**  
A Work Place for Budding Scientists
- **Drawing Room**  
Unfolding Creativity
- **Indoor Sports**  
Hunt the Hidden Talent
- **Dance Room**  
Dance your Soul Away
- **Music Room**  
Enhancing Performing Arts
- **Dinning Hall**  
Nutritious & Balanced Food
  - **Optimum Students : Teachers Ratio**
  - **2 Seater Benches for Comfort**
  - **Trained / Well Qualified Faculties**
  - **Field Trips & Picnics**
  - **Club Activities as per NEP & Celebrations**

## IMPORTANCE OF CBSE CURRICULUM

The Central Board of Secondary Education (CBSE) is a national level board of education in India for public and private schools, controlled and managed by the Government of India.

One of the significant advantages of the CBSE Board is its recognition by many universities and colleges in India and abroad.

The board is committed to providing a well-structured and up-to-date curriculum designed to help students develop their intellectual and practical skills.

Its uniform & flexible curriculum, ensures that all students receive the same level of education regardless of their school's location or affiliation & allows students to explore various options and choose the subjects that align with their career goals and interests.

## ACADEMIC EXCELLENCE

Aligned with the CBSE curriculum & the pattern of Ambe Group of Schools, Ambe School, Harni, maintains a high standard of education that emphasizes not just academic proficiency but also holistic development. Our faculty is comprised of highly trained, qualified, and dedicated educators who utilize modern and innovative teaching methods to facilitate effective learning. We follow the principles of the **New Education Policy (NEP) 2020**, which highlights an increased emphasis on co-curricular activities, critical thinking, communication, and continuous review.

## FOUNDATION STAGE (Pre School to Class II)

### Flights Of Fancy

Children are born to learn, and each child has a unique way of approaching a question. Teachers work with a sense of deep respect and appreciation of the child's unique abilities. The curriculum invites children to explore their world in multiple ways. Sensory stimulation is rich and triggers investigations into themes and topics. Curiosity and interest set the tone for questions and discoveries. Children and teachers reflect on each activity and explore the underlying phenomenon together; in doing so, each child makes the experience and learning personal.

## PREPARATORY STAGE ( Classes III to V )

### Flights Of Curiosity

The primary school programme builds upon the natural curiosity and inquiry that children exhibit at this age. It is fuelled by sensorial/experiential exploration in languages, math, and science--through nature, art, music, and dance. Children consolidate and connect with what they learn, they enquire and explore, ponder, and question, observe, and demonstrate their learning in multiple ways. The classrooms and bulletin boards in school reflect the energy and rigor among the students. They are an explosion of ideas, creativity, and knowledge. Each class sets its own rules for expected behaviour and limits, guided by a broader school discipline policy.

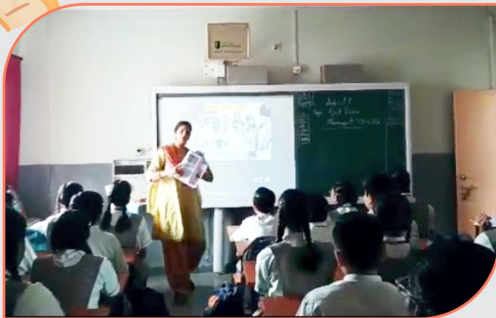

## MIDDLE STAGE ( Classes VI to VIII )

### Flights Of Imagination

At this level the horizon of the imagination widens and concepts are presented in abstract manner. Teaching, therefore, is undertaken through various projects and workshops and students are trained to apply the classroom knowledge in their own lives and the society at large.

To assess and evaluate a child's progress, examinations, projects, tests and assignments are held intermittently. The school follows "Uniform system of assessment" as directed by the CBSE.

## CLASS ROOMS - SMART CLASS

The greater part of a student's day is spent in the class room. The class rooms are airy, bright, spacious with functionally well-designed furniture making learning in the class room a comfortable and pleasant experience.

Each classroom is equipped with a advanced 65 inch / 75 inch wall-mounted Touch Screen Interactive Digital Board/Panel, along with traditional chalk-board method, multimedia Audio Visual equipments and amplified sound system, so each class room in itself is a well furnished "TECHNO ROOM".

The number of students per class is restricted to facilitate dynamic interaction between the teacher and students.

## INFORMATION & TECHNOLOGY LAB

In today's computer age, information and technology plays a key role in everyone's life. Computers are no more luxury but have become a necessity. For our survival we should arm ourselves with the skill and the language the world speaks. The computer subject has been introduced from Pre Primary to Middle School.

Computer lab will be equipped with latest techno tools as LCD projector, Scanner, Laser Printer, LAN connection and one LAPTOP per student.

## ACTIVITY ROOMS

Special emphasis is given on activities related to Fine Arts and Performing Arts. The school provides ample of opportunities to unfold the creative potentials of the children, bring out their hidden talents, restoring the cultural heritage of India. The school has special rooms such as DRAWING ROOM for Art activities, Music Room and Dance Room for learning vocal and performance skills. These rooms are well equipped and well furnished with appealing decor and ambience.

## KNOWLEDGE HUB

The opulent Library is a repository of books and a good resource centre to gain knowledge. It is equipped with an exclusive collection of Books, Encyclopedias, Science Journals, Biographies, Fictions, Classics, Computer and hobby related books which makes reading enjoyable and motivate children to develop reading habit.

## SOCIAL SCIENCE LAB

To break the monotony of classroom teaching in subject like S.S., there is a need of a Social Science Lab. It is not only a repository of materials and equipment but also a workshop and a place of learning which fosters various kinds of communication, creative, organizational and manipulative skills. It is enriched with 3D charts and models, working models and investigatory projects.

\* Photographs taken here from the schools of Ambe Group, are for reference purpose only.

## GENERAL SCIENCE LAB

Science is the subject which needs hands on experience. Science lab is a workplace to gain conceptual clarity and to develop the practical learning skills through experiments. Lab is well equipped and stocked with latest equipments to carry out independent experiments.

Experiments in these labs are carried out by the students, so that the knowledge once imbibed remains in the young minds for entire life.

## SPORTS

- ⇒ Out door games like Volley Ball, Basket Ball Cricket etc.
- ⇒ Separate Indoor Games Room for Chess, Carom and Table Tennis etc
- ⇒ Outdoor Play Station for Tiny Tots.

Sports play an important role in physical and mental development of a child. Sports ensure balanced growth of children, build team spirit, develop confidence and is responsible for overall development of a child's personality by blending their physical and mental abilities. **Ambe School HARNI** gives special emphasis on "SPORTS FOR ALL".

A person is known through his/her behaviour which includes mannerism, deportment, attitude, conduct etc. A school going child passes through different phases of development, both physical and mental. The counsellor deals with emotional and social maladjustments, vocational guidance and personality development. These objectives are accomplished through Group and Individual Counseling.

## COUNSELING CENTRE

## DINING FACILITIES

Proper nourishment is the pre requisite for every growing child. Fresh and nutritious food is provided to students. The food is prepared hygienically in a well equipped kitchen under able supervision. Food and Nutrition expert supervises menu planning, balancing nutrition value and catering.

## AUDITORIUM/AMPHITHEATRE

Ambe School-CBSE Harni proposes to have an open air amphitheatre and an air conditioned auditorium. An air conditioned auditorium with a latest sound and light system and an Amphitheatre ( open air theatre) where various competitions and functions will be performed to enhance student's skills, to develop confidence and to overcome stage fear.

## ACADEMICS WITH A BLEND OF TECHNOLOGY

Ambe School, Harni, integrates technology into its teaching practices to enhance the learning experience. We have implemented an Enterprise Resource Planning (ERP) system, streamlining various administrative and academic processes, including attendance management, exam schedules, and result dissemination. Our ERP facilitates seamless communication between parents, teachers, and students, ensuring real-time updates on academic progress and school events.

## BEYOND THE CURRICULUM

Our mission is to impart education that extends beyond the conventional boundaries, embracing the principles of the **New Education Policy (NEP) 2020**. We believe in nurturing independent thinkers who can contribute positively to the world. Our experienced faculty is committed to providing a conducive learning environment, encouraging innovative teaching practices, and promoting student-centric learning.

## HOUSE CLUB ACTIVITIES : ART & CULTURE CLUB, SCIENCE & MATHS CLUB, SOCIAL SCIENCE CLUB & LITERARY CLUB

Ambe group of schools always tries to do something different providing better learning environment to the students. As we are aware that the **NEW NATIONAL EDUCATION POLICY - 2020** highlights the 6Cs, which includes **an increased emphasis on co-curricular activities, critical thinking, communication, continuous review, creativity, and culture**, which are driven by 5Vs that include an emphasis on values, vedas, virtue, vocational education, and versatility.

Therefore, complying with the NEP-2020, we have imbibed **CLUB ACTIVITIES** in the school curriculum for Primary Section.

\* Photographs taken here from the schools of Ambe Group, are for reference purpose only.

## CELEBRATIONS

To preserve our cultural and social heritage students celebrate all major festivals at school level. This also gives them fair idea about the rituals and customs being followed by different religions. School celebrates festivals like Janmashtami, Ganesh Utsav, Navratri, Diwali, Christmas and others.

Special days like International Day against Drug Abuse & Illicit Trafficking, World Diabetes Day, Tree Plantation Day, Children's Day, World Aids Day, Independence Day and Republic Day etc. are celebrated throughout the year to make students aware about their social responsibility and duty towards nation.

\* Photographs taken here from the schools of Ambe Group, are for reference purpose only.

## FIELD TRIP

To cultivate the social and environmental awareness amongst the students regular field trips are organized to places like gardens, zoo, planetarium, railway station, hospitals, religious places, orphanage and other public places. These give students a first hand experience and improve their understanding as well.

## PICNICS

Picnics are a way to explore one's own ability to move freely and explore nature and its habitat. Students do enjoy picnic as they love being with their friends on trips to discover the nature and its beauty.

## PARENT-TEACHER COLLABORATION

At Ambe School, Harni, we value the role of parents as partners in their child's educational journey. We foster a strong parent-teacher collaboration to ensure the well-being and academic progress of our students. To facilitate open communication and address any concerns regular parent-teacher meetings, workshops, and seminars are conducted on regular basis at Ambe.

## State of Art New Proposed School at Harni.
